PRINCIPAL MESSAGE:

“Education is not the amount of information that is put into your brain and runs riot there, undigested, all your life. We must have life-building, man-making, character-making assimilation of ideas”-----
SWAMY VIVEKANANDA.

I myself attended the “Leadership Capacity Development Programme” for college Principals of Andhra Pradesh from 16.01.2023 to 22.01.2023. In this programme, I learned to strengthen NEP-2020 Policy and as leader we shall overcome all challenges.

As SWAMY VIVEKANANDA said “The character of any man is the aggregate of his tendencies but some of the total bent of his mind. As pleasure and pain pass before his soul they leave upon it different pictures and the result of these combined impression is what is called a man’s character”.

The legacy of character carries forward like folklore. To build moral, ethical and academically developed youth is the biggest source of our incredible India. The youth of today face grave problems like violence, juvenile delinquency, abuse etc.. The core values give them the ability, the courage to stand up when the moral and ethical values were instilled. So as per NEP-2022 in higher education, “Human Values and Professional Ethics”.

Dr.V.VENKATA NARASIAH, MA.,M.Phil.,Ph.D.
